

## Medical Home

**About Technical Assistance Briefs.** The MCH Evidence Center provides ongoing technical assistance (TA) to Title V agencies related to the emerging evidence base, strategies, and measures related to many topics interconnected with National Performance Measures and other critical topics in MCH. *Technical Assistance Briefs* are an outcome of these TA sessions that are designed to act as *conversation starters* in thinking about programs that can be developed to address issues that affect women, infants, children, adolescents, youth, families, and communities. These briefs are not meant to be comprehensive; full analyses of the NPM topic areas are provided in [Evidence Analysis Reports](#).

The Center makes these customized briefs available during TA and on the program website to identify evidence-based/informed strategies, promising practices, examples of ESMs from the field and peer-reviewed resources. Please [contact us](#) if you would like us to develop a similar report for topics that you are working on.

**Initial Query for this Brief.** Identify measures and best practices around Medical Home.

### Evidence-Based Strategy Measures

**ESM: Program Integration.** These ESMs have been chosen by other states. You can review the ESMs to see if any resonate with your goals. Evidence Center staff are available to talk through how you could modify select ESMs to serve your needs.

State	ESMs
DC	ESM 11.1: Number of children and adolescents with and without special health care needs referred to a medical home
FSM	ESM 11.1: Percent of CSHCN providers and parents/caregivers received components of the medical home training
FL	ESM 11.1: Number of DOH team members, providers (pediatric, family practice, and adult), families, family partners, and other partners serving CYSHCN in Florida receiving education or technical assistance about the patient-centered medical home model and relat
FL	ESM 11.3: Percentage of providers in underserved geographic areas that received formal technical assistance through the UCF HealthARCH program that became designated patient-centered medical homes.
GA	ESM 11.4: Percent of families that receive a follow-up call from HMG that report they were linked to a medical home, or any other service to meet their needs
GU	ESM 11.1: Conduct outreach to families on availability and benefits of the medical home
LA	ESM 11.1: Number of health care providers trained on Medical Home, Care Coordination and Youth Health Transition
MS	ESM 11.1: Number of providers receiving education or technical assistance about the need and importance of medical home/family-centered care.
MO	ESM 11.1: Number of family members, healthcare providers, and community professionals who receive education on the medical home approach.
NV	ESM 11.1: Number of Nevada Medical Home Portal website views.
NM	ESM 11.2: The number of outreach events to promote the Medical Home Portal
NC	ESM 11.2: Number of Medicaid, Managed Care Organization, or other stakeholder meetings attended by WCHS staff members with an agenda item related to medical home promotion

MP	ESM 11.1: Percentage of families served by the Family to Family Health Information Center who reported having a medical home.
PA	ESM 11.13: Percentage of children without a provider or insurance referred to medical homes
RI	ESM 11.1: Number of web hits on the Medical Home Portal
SC	ESM 11.2: Conduct a point in time survey of DHEC's CYSHCN to assess barriers and identify any racial/ethnic disparities in establishing a medical home
TN	ESM 11.10: Number of families provided education and resources on importance of medical home access and utilization
TN	ESM 11.5: Percent of providers adopting medical home approach
TN	ESM 11.9: Percent of CYSHCN receiving CHANT care coordination who receive medical home education
UT	ESM 11.3: Percent of children with special health care needs population served by the Bureau who have documented care coordination follow up as part of a medical home model of care.
VI	ESM 11.1: Percent of children with and without special health care needs, ages 0 through 17, who have a medical home
VA	ESM 11.1: Number of providers in Virginia who have completed the medical home training module
VA	ESM 11.2: Percentage of children served by the VA CYSHCN Program who report having a medical home
WA	ESM 11.2: Percentage of primary care providers participating in the ECHO Project who indicate they can provide a medical home to their patients
WV	ESM 11.1: Number of stakeholders who receive education and resources regarding the National Resource Center For Patient/Family-Centered Medical Home in the last calendar year.
WI	ESM 11.1: Percent of Regional Center information & referral staff who report competence in explaining medical home concepts
WI	ESM 11.2: Percent of family members, health care providers, and community professionals trained on Medical Home-related concepts who report a change in knowledge or skills or behavior following the training

## Evidence-Based Strategies – What Works for Health

The following programs have been identified as effective models related to medical home:

Title	Link	Category
Medical homes	<a href="https://www.countyhealthrankings.org/take-action-to-improve-health/what-works-for-health/strategies/medical-homes">https://www.countyhealthrankings.org/take-action-to-improve-health/what-works-for-health/strategies/medical-homes</a>	Scientifically Supported

## Evidence-Based Strategies – Innovation Hub

The following programs have been identified as effective models related to medical home:

Title	Link	Category
Oregon Care COOrdination Program (CaCOON)	<a href="https://amchp.org/database_entry/oregon-care-coordination-program-cacoon/">https://amchp.org/database_entry/oregon-care-coordination-program-cacoon/</a>	Best
Pediatric Practice Enhancement Project (PPEP)	<a href="https://amchp.org/database_entry/pediatric-practice-enhancement-project/">https://amchp.org/database_entry/pediatric-practice-enhancement-project/</a>	Promising
Minnesota Care Coordination Systems Assessment and Action Planning	<a href="https://amchp.org/database_entry/minnesota-care-coordination-systems-assessment-and-action-planning/">https://amchp.org/database_entry/minnesota-care-coordination-systems-assessment-and-action-planning/</a>	Emerging

Medical Home: Technical Assistance Brief
